- 9/4 Parks Board Meeting
- 9/10 City Council Meeting
- 9/18 Planning and Zoning Meeting
- 9/24 City Council Meeting

Community

Community Camera Sign-up

Do you have a security camera at your Justin home or business? If so, turn it into a powerful crime-fighting tool by simply letting us know about it!

Video surveillance is one of the best ways to catch and help convict criminals. Often, one of the first steps in a criminal investigation is to canvas the area looking for security cameras. Letting us know ahead of time that you have a camera can save us precious time in an investigation.

You can sign up on our website at www.cityofjustin.com/securitycamera

Thank you for partnering with us to help Justin become an even more undesirable place for criminals to do business. All you have to do is let us know you have a camera, tell us a few things about the views it captures, and provide us information on how to contact you if necessary.

Please note: This information will only be accessible to Justin Police Department personnel. You will only be contacted in the event that your camera may have captured a crime or clues helpful to an investigation. Your personal information will remain confidential except as required by law.

Images of Justin

The City is currently hosting a photography contest, and we have received a number of great submissions so far!

Don't miss out on this great opportunity to share your talent with the Justin community.

Deadline for entries is 9:00pm on Saturday, September 15, 2018.

Please visit our website to learn more!

FM 156

As construction continues on FM 156, be sure to follow the Facebook page at www.facebook.com/156update for the latest information regarding lane closures, progress on construction, and any new alerts. The City updates this page as soon we receive updates from TxDOT.

Estimated timeline from TxDOT:

- Traffic should switch to the new northbound lanes and construction on the southbound lanes will begin September or October 2018.
- Entire project has an estimated completion date of November 2019.

During construction, please be sure to continue supporting our local businesses!

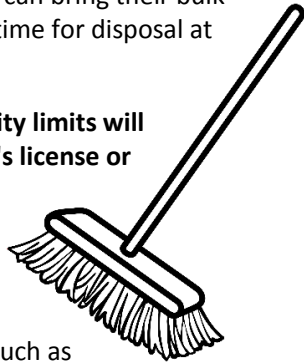

Fall Cleanup Event

The City of Justin will hold our Annual Clean-Up Event on Saturday, October 27th, 2018 from 8:00am to 12:00pm. Residents of Justin can bring their bulk trash to City Hall during that time for disposal at no cost.

Proof of residency in Justin city limits will be required through a driver's license or water bill.

The Crud Cruiser will be available from 9:00am-11:00am to take your household hazardous waste such as paint, batteries, and automotive fluids.

No tires will be accepted

We will also have Electronic Waste Recycling and Paper Shredding available. E-waste includes:

- Cell phones
- Laptops (with or without hard drive)
- Computer Towers (with or without hard drive)
- Monitors, Keyboards, and Mice
- Power Cords and Speakers
- Desktop Printers and Scanners

Additional \$20 Disposal/Processing Fee for each item:

- TV's up to 65"
- CRT Computer Monitors
- Hard Drive Destruction (off site)-For a certificate of destruction

Paper Shredding Includes all sensitive documents such as:

- Banking info, checks, statements, records
- Payroll information
- Financial statements
- Insurance information

No need to remove paper clips, staples, file folders, or rubber bands...we can shred those!

Parks & Beautification Survey

The City has released a survey in order to better understand the preferences of our residents regarding Parks and Beautification initiatives.

The survey will be open for two weeks, so please take a few minutes to submit the survey at

<https://www.surveymonkey.com/r/parks1>

City Council, Board, & Commission Updates

Rental Inspection Program: The City Council is considering implementation of an inspection program for single-family rental homes. If implemented, a City Inspector would perform an inspection of a rental home and issue a certificate to the landlord before a tenant moved in. This inspection would be required every time a new tenant moved into a home or every three years, whichever comes first. The inspection would ensure compliance with already existing code requirements, including safe electrical wiring, repaired driveways and exteriors, and leaking faucets. A full list of requirements is available for public review at City Hall. City Council will be discussing this program again on September 24, 2018.

Backflow Testing Requirements: On May 21, 2018, the City Council voted to amend the city's adoption of the International Plumbing Code. The city no longer requires annual inspection of **residential** irrigation Backflow Prevention Assembly Devices. The City does encourage all residents to ensure that their irrigation systems are properly functioning, but no regular annual testing is required.
